

FLEXSCREEN

Enjoy the view.

NEARLY INDESTRUCTIBLE. BARELY VISIBLE.

EVERYTHING YOU WANT A SCREEN TO BE.

SIMPLE DESIGN

Our revolutionary design utilizes a PVC coated, high-performance spring steel frame. However, innovation does not need to be complex, so you will not find unnecessary attachment hardware on FlexScreen.

DAMAGE RESISTANT

We were tired of bent aluminum frames, scratched paint, and broken hardware. So we built a window screen that can be thrown from the top of a five-story building without being damaged.

EFFORTLESS INSTALLATION

Don't overthink this. Simply hold the screen in your hands... bend the sides in... and fit FlexScreen into your screen track. It is that easy.

BEAUTIFULLY INVISIBLE

FlexScreen hides in the window screen pocket, drastically improving sight lines and eliminating the need for color matching. Your windows will never look better.
